KORMARINE NEW LAUNCH Energy Pavilion 2025

Offshore, Greenship ,Oil&Gas

Korea is a significant player in the offshore and shipbuilding industries, has developed a strong reputation for its shipbuilding capabilities, constructing various offshore structures, drillships, and floating production storage and offloading (FPSO) vessels.

🥝 Hanwha Ocean

Renewable Energy

Korea is evaluated as a major player in the global solar industry value chain in terms of technology and production capacity.

Moreover, Korea's wind power technology is 75.0% that of the US, and structural material manufacturers (Unison, CS Wind, etc.) are evaluated to be competitive in building towers and substructures.

Hanwha Solutions

Battery

Korea is the world's second-largest battery producer accounting for 21% of the world's electric vehicle battery (including ESS) capacity. The country has globally competitive manufacturers of finished battery products, and is also performing well in the materials segment such as anode and cathode materials.
