

# KORMARINE 2025

International Maritime & Energy Exhibition

OCT 21(TUE) - 24(FRI), BEXCO, BUSAN, KOREA

NEW

# NEXT ENERGY

Represented by

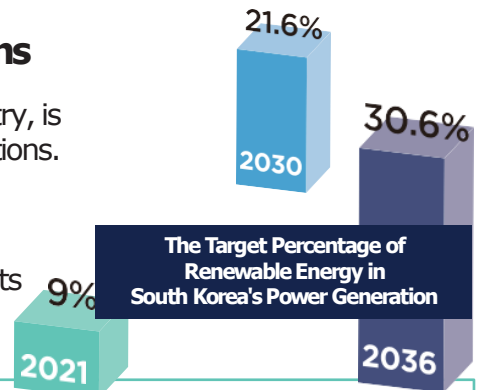

## Future Energy in KORMARINE

### Be at the Forefront of Energy Technologies and Innovations

KORMARINE, as one of the premier global exhibitions in the maritime industry, is thrilled to introduce our energy pavilion, showcasing innovative energy solutions.

Renewable energies and future fuels are expected to play a more significant role in achieving carbon neutrality by 2050.

Collaborating with industry leaders, we will spotlight the latest advancements in energy technology, fostering collaboration and knowledge exchange.

### Renewable Energy

Wind Energy, PV, Smart Grid, ESS, Biomass, Decarbonisation, Geothermal Energy, Hydropower, Marine Energy

### Future Fuels

Hydrogen, LNG, Ammonia, Biofuels, Fuel Cell, Fuel Systems, Methanol, SMR, Carbon Capture Technology, Carbon Reducing-Technology, Energy Conservation Technology

# KORMARINE NEW LAUNCH

## Energy Pavilion 2025

### Why 'Energy'?

#### Offshore, Greenship, Oil&Gas

Korea is a significant player in the offshore and shipbuilding industries, has developed a strong reputation for its shipbuilding capabilities, constructing various offshore structures, drillships, and floating production storage and offloading (FPSO) vessels.

#### Renewable Energy

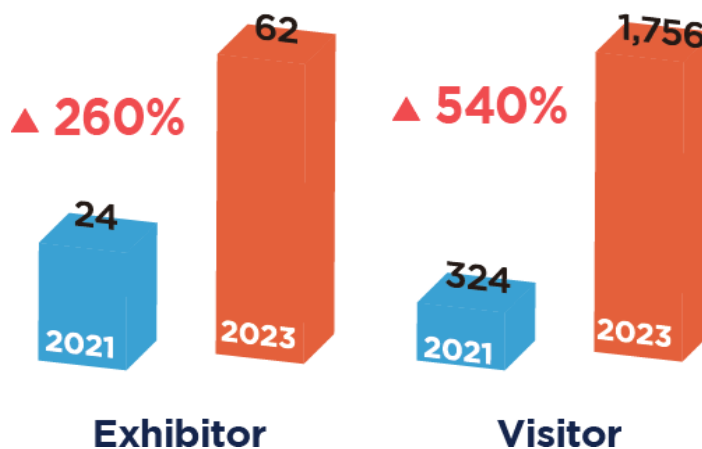

Korea is evaluated as a major player in the global solar industry value chain in terms of technology and production capacity. Moreover, Korea's wind power technology is 75.0% that of the US, and structural material manufacturers (Unison, CS Wind, etc.) are evaluated to be competitive in building towers and substructures.

#### Battery

Korea is the world's second-largest battery producer accounting for 21% of the world's electric vehicle battery (including ESS) capacity. The country has globally competitive manufacturers of finished battery products, and is also performing well in the materials segment such as anode and cathode materials.

### Growth of the Fuel/Energy Sector

\*Marine Fuels/ Natural Gas/ Alternative Fuels & Tank Terminal/ Storage

# BOOTH PRICING

\*VAT not included

\*Launching Promotion period: by October 2024

Type	Standard Price	Launching Promotion
Raw Space	450 USD / sqm Minimum 2 booths : 8,100 USD	400 USD / sqm Minimum 2 booths: 7,200 USD
Shell Scheme	540 USD / sqm 1 booth : 4,860 USD	490 USD / sqm 1 booth: 4,410 USD

## Who attended our show in 2023

### 18 OFFICIAL PAVILIONS

Kormarine 2023 hosted 18 official pavilions representing innovation, technology and expertise from some of the world's foremost nations and organizations.
